

**Glenn Hegar** Texas Comptroller of Public Accounts

# Report of the Texas Economic Development Act | 2019

# Introduction

In 2001, the Texas Legislature established the Texas Economic Development Act, often called “Chapter 313” for its place in the Texas Tax Code. The Chapter 313 program allows public school districts to offer tax incentives to businesses that make large capital investments and create jobs in Texas communities. The Texas Comptroller of Public Accounts (CPA) administers this program, devoting over 16,000 hours of staff time annually. Chapter 313 is currently set to expire Dec. 31, 2022.

In 2017, there were 311 active agreements and of those, 45 percent were manufacturing and 53 percent were for renewable energy projects. In the 2019 report, there are 383 active agreements, 42 percent are manufacturing and 57 percent are for renewable energy projects. There are 4 research and development projects in both reports.

The Chapter 313 program continues to grow – CPA received in 2016 44 new applications; in 2017 68 new applications; and in 2018 90 new applications.

This report contains information on each of the 383 active agreements made under this chapter as well as aggregate data from these agreements. The information submitted herein is in compliance with Texas Tax Code, Chapter 313.032.

### Statutory Reporting Requirements

---

House Bill 3390 from the 83rd Regular Legislative Session repealed the reporting requirements in Section 313.008 and amended the reporting requirements in Section 313.032 to encompass all reporting requirements for the Texas Economic Development Act (also known as the Chapter 313 Program for its placement in the Tax Code).

#### **Sec. 313.032. REPORT ON COMPLIANCE WITH AGREEMENTS.**

- (a) Before the beginning of each regular session of the legislature, the comptroller shall submit to the lieutenant governor, the speaker of the house of representatives, and each other member of the legislature a report on the agreements entered into under this chapter that includes:
  - (1) an assessment of the following with regard to the agreements entered into under this chapter, considered in the aggregate:
    - (A) the total number of jobs created, direct and otherwise, in this state;
    - (B) the total effect on personal income, direct and otherwise, in this state;
    - (C) the total amount of investment in this state;
    - (D) the total taxable value of property on the tax rolls in this state, including property for which the limitation period has expired;
    - (E) the total value of property not on the tax rolls in this state as a result of agreements entered into under this chapter; and
    - (F) the total fiscal effect on the state and local governments; and
  - (2) an assessment of the progress of each agreement made under this chapter that states for each agreement:
    - (A) the number of qualifying jobs each recipient of a limitation on appraised value committed to create;
    - (B) the number of qualifying jobs each recipient created;
    - (C) the total amount of wages and the median wage of the new qualifying jobs each recipient created;
    - (D) the amount of the qualified investment each recipient committed to spend or allocate for each project;
    - (E) the amount of the qualified investment each recipient spent or allocated for each project;
    - (F) the market value of the qualified property of each recipient as determined by the applicable chief appraiser, including property that is no longer eligible for a limitation on appraised value under the agreement;
    - (G) the limitation on appraised value for the qualified property of each recipient;
    - (H) the dollar amount of the taxes that would have been imposed on the qualified property if the property had not received a limitation on appraised value; and
    - (I) the dollar amount of the taxes imposed on the qualified property.
- (b) The report may not include information that is confidential by law.
- (b-1) In preparing the portion of the report described by Subsection (a)(1), the comptroller may use standard economic estimation techniques, including economic multipliers.
- (c) The portion of the report described by Subsection (a)(2) must be based on data certified to the comptroller by each recipient or former recipient of a limitation on appraised value under this chapter.
- (d) The comptroller may require a recipient or former recipient of a limitation on appraised value under this chapter to submit, on a form the comptroller provides, information required to complete the report.

The purpose of the Chapter 313 program is expressly laid out in Section 313.003 of the Tax Code. Specifically, the program is intended to:

- (1) encourage large-scale capital investments in this state;
- (2) create new, high-paying jobs in this state;
- (3) attract to this state large-scale businesses that are exploring opportunities to locate in other states or other countries;
- (4) enable state and local government officials and economic development professionals to compete with other states by authorizing economic development incentives that are comparable to incentives being offered to prospective employers by other states and to provide state and local officials with an effective means to attract large-scale investment;
- (5) strengthen and improve the overall performance of the economy of this state;
- (6) expand and enlarge the ad valorem property tax base of this state; and
- (7) enhance this state's economic development efforts by providing state and local officials with an effective local economic development tool.

## Aggregate Data

Table 1 pertains to Section 313.32(a)(1) and aggregates data for agreements entered into under Chapter 313 through June 1, 2018.

Table 1

### 2017 Aggregate Data

Total number of jobs created, direct and otherwise, in this state in 2017 <sup>1</sup>	<b>66,400</b>
Total effect on personal income, direct and otherwise, in this state in 2017	<b>\$3,362,044,000</b>
Total amount of investment in this state reported through 2017	<b>\$119,937,547,000</b>
Total taxable value of qualified property on the tax rolls in this state in 2017, including property for which the limitation period has expired	<b>\$14,280,654,000</b>
Total value of qualified property not on the tax rolls in this state in 2017 as a result of agreements entered into under this chapter	<b>\$35,038,096,000</b>
Total fiscal effect on the state and local governments through 2017 <sup>2</sup>	<b>\$1,260,639,000</b>

**Note:** Total number of jobs created is rounded to the nearest hundred. All other figures have been rounded to the nearest thousand.

<sup>1</sup> The multipliers used in this analysis were the direct-effect employment and direct-effect earnings RIMS II Industry Multipliers for Texas (<https://www.bea.gov/regional/rims/rimsii/>). These multipliers represent the estimated change in employment (earnings) that occur given the number (amount) of direct Chapter 313 jobs (earnings).

The estimates listed in this table represent the product of the direct jobs (earnings) by industry and their corresponding RIMS II state-level multipliers. No attempt has been made by the Comptroller's Office to modify/change the values of these multipliers.

To obtain a copy of these state-level multipliers, please visit the URL above to access the U.S. Department of Commerce's Bureau of Economic Analysis.

<sup>2</sup> Fiscal effect calculation is the total Maintenance and Operations (M&O) taxes and Interest and Sinking fund (I&S) taxes reported by companies through 2017.
